Subject: Review of Amended Notice of Intention to Commence Large Mining Operations,
Staker and Parson Companies, Keigley Quarry, M/049/0001, Utah County, Utah

Dear Mr. Dalley:

The Division of Oil, Gas and Mining has completed its review of your amended Notice of Intention to Commence Large Mining Operations for the Keigley Quarry, specifically the maps submitted February 9, 2011, and November 9, 2011. I apologize for the time it has taken to complete this review. The maps are now acceptable.

The Division now needs a reclamation cost estimate. Please use the spreadsheets available on the Division's web site at http://ogm.utah.gov/minerals/bonding_worksheets.html. The Division asks that you submit the worksheets by January 3, 2012.

Once the Division has finished the bond review and determined the amount is adequate, you will be asked to provide an updated reclamation surety and two clean copies the entire amended notice, maps, and bond estimate. These will be stamped 'Approved,' and one copy will be returned to you for your records.

If you have any questions in this regard please contact me, at 801-538-5261 or Lynn Kunzler at 801-538-5310. Thank you for your cooperation in completing this permitting action.

Sincerely,

Paul B. Baker

Minerals Program Manager
